Between Savage and Tiger

The most exciting and thrilling photo drama that Mr. George Klein has ever produced in this country is his latest success, "Between Savage and Tiger," a magnificent six part production by the Cines company of Italy. It presents a story of adventure and romance in the jungles of India that fairly bristles with action and keeps the spectators in a constant state of feverish interest and enthusiasm. Tigers, water buffalo, antelope, savages and all the other wild elements with which the jungles of India abound are utilized in round-

BOB GRAHAM WILL REFEREE

GLOVE CONTEST IN GOLDFIELD

The Goldfield Athletic club yesterday arranged to have "Kid" Mills, who has boxed Johnny Morrison of Goldfield two preliminaries, both of which were declared draws, to appear as a four-round preliminary ahead of the "Dutch" Williams.

"Freck" Lydon lightweight champion fight in that city on April 14th. This makes one of the strongest and best boxing cards which has ever been attempted in southern Nevada and will determine the supremacy of not only the lightweight champion ship, but also the better boxers between Tonopah and Goldfield.

Bobby Trudgeon, the popular Montana-Tonopah boy from this city, is working with "Freck" Lydon and Walter Coffey to get himself in the finest shape for his six-round go with Frank Barney of Goldfield, while reports from the Goldfield camp state Barney and Johnny Morrison have both joined the Dutch Williams camp in that city and are conditioning themselves under the tutelage of "Spider" Welsh and Morgan Williams.

"Freck" Lydon is appearing daily with Coffey at 2:30 p. m. at the local gymnasium and all lovers of the sport are invited to drop in and see the local boy in his training stunts for this important fight.

Williams appeared at the Northern

saloon in Goldfield yesterday in shadow boxing, bag punching, rope skipping and three of the hardest and fastest rounds of boxing with his training partner, "Spider" Welsh ever seen in that city and abroad.

The Reno boy has convinced the Goldfield sports that he is the real grapes, and numerous bets that he will defeat the local favorite are being offered from our neighboring city.

"Dutch" Williams has appeared in the roped arena in 20 battles, 16 of which he won by the knock-out route, three were draws and one he received the decision. He has yet to lose his first fight and if Lydon can turn the trick on this rugged youngster from the big town of the state it will indeed be a wonderful boost to wards insuring him some large future engagements with some of the clever coast boys.

The seat sale will be placed in this city at the Bank and Cobweb saloons, and one-half of the entire Goldfield stage will be reserved for the Tonopah fans. In addition a large number of the front parquet seats will also be placed on sale in Tonopah so that everybody attending on the big Tonopah Boosters' special train can be assured that they will have a close ringside seat at this important event.

Bob Graham will referee the main event while "Kid" George will referee both preliminaries, which insures all

who attend or place a bet a fair and impartial run for their money.

Lydon has many supporters in Goldfield and betting in that city is very brisk at even money.

The new discoveries are so important as to attract new blood and capital to the district and it will be but a matter of time when machinery, with an adequate supply of water, will handle the gravel and extract the millions of placer gold from the wide area over which the gold is distributed.

"In quartz and placer opportunities there is no district that surpasses the Battle Mountain section."

Wm. Meager from Battle Mountain, and one of the large owners of placer ground at the head of Copper canyon, is in Winnemucca today attending to some legal matter in connection with the sale of placer ground at the head of Copper canyon to the "Old" Elliott syndicate, now operating on a large scale in the district, says the Humboldt Star.

The sum to be realized by Mr. Meager for his working privilege by Elliott et al reaches into the thousands of dollars. Speaking of the rich placer deposits on the Copper canyon and Galena slopes, Mr. Meager said:

"All the gravels on benches and bottoms of draws declining north and south prospect pay gold. The more prospecting done the more extensive the pay area becomes. As a fact all the gulches as well as some of the mountain sides respond liberally with the placer metal.

"Willow creek and Box canyon are proving, from recent discoveries, a merit only second to Copper canyon. The latter canyon is exceedingly rich and prospects in places as much as \$30 to the running foot and wherever bed rock has been reached the gold is found in such quantity as to assure continuous pay from the mouth to the summit to which the canyon extends. The richer channel is from 25 to 35 feet wide. This strip will
